UNDER THE TELECOMMUNICATIONS ACT OF 1996**

PLEASE TAKE NOTICE that on November 2, 2012, Verizon Delaware LLC (“Verizon”) and Princeton Hosted Solutions, LLC (“PHS”), (collectively, the “Applicants”) filed a joint application requesting the Public Service Commission (“Commission”) to approve a negotiated Interconnection Agreement (“ICA”). PHS was granted a conditional CPCN in PSC Docket No. 11-480 through PSC Order No. 8100 issued on February 23, 2012.

The pertinent provisions of the ICA are:

- Compensation for Reciprocal Compensation at rates specified in the Agreement;
- Unbundled loops – providing PHS access to all existing Verizon customers based on the rate methodology specified in the Agreement;
- Customers will retain their telephone numbers when they switch to PHS, subject to future Commission determination of a method of interim number portability cost recovery consistent with any final FCC or Commission determination on such funding mechanisms;

- Including PHS's customers' primary listings in the same manner as those of Verizon's customers' listings in directories and directory assistance;
- The resale of Verizon telecommunications services for a wholesale discount of 16.0% or 20.0%, depending upon whether PHS provides its own operator services; and
- The provision of 911 services to all customers.

Any person who wishes to protest or to comment upon this application must do so in a written document filed with the Commission and served upon the Applicants on or before November 29, 2012. Comments should focus on the criteria for review set forth in 47 U.S.C. § 252(e)(2)(A) and whether the ICA is consistent with applicable state law, regulation, or policy. In the absence of any good faith protest, the Commission will allow the ICA to become effective on February 1, 2013.
